WELCOME

HELLO and a warm welcome to the spring 2018 edition of St Fagans Community News.

As I write this (at the end of January) it doesn't seem as though spring is almost upon us. Yes bulbs are growing, trees are shooting and the birds are singing but it is cold and damp to say the least.

Community Soap Box in our Summer 2017 edition highlighted residents concerns about traffic, parking and visibility in Crofft y Genau, St Fagans village. It seems as though residents concerns have not brought about change.

The piece from our youngest contributor to date (page 7) shows an astute awareness of the issue. You might consider supporting the petition (see page 28).

This is an issue not only for the village residents but also for the wider community. For example, those of us who undertake the perilous journey from Parc Rhydlafar through the village to get to work or the shops at Culverhouse Cross will certainly have a view.'

In our series 'Times gone by' we take a look at Ely Racecourse which gives us time to reflect on not only just how times have changed but also how fortunate we are to live in such a pleasant area.

Our newsletter is supported by advertising from businesses in our local community. Please do support our advertisers. Their help is invaluable in publishing our magazine in support of the Village Hall.

If you are thinking of starting a new class, organisation or or simply wish to publicise a club or society we have not yet covered do contact the editor at **info@stfagansvillagehall.co.uk**

ST FAGANS VILLAGE HALL

We are delighted to say that the hall continues to be well used with children's parties, corporate events and local clubs demonstrating that the hall continues to be a huge community asset.

Needless to say we are always looking for more people or organisations to use the hall so.....Scouts! Barn dancers! Guides!, clubs of all sorts. if you require a comfortable venue with excellent facilities including ample adjacent parking then do follow the lead of the many local groups and societies who already use the hall and email **info@stfagansvillagehall.co.uk** outlining your requirements to find out further information and we will contact you.

Do visit our www site **stfagansvillagehall.co.uk** for further information.

Weddings and special events

If you are looking for a venue for that special family event, , for example a wedding reception, the hall has several free dates during the summer and bank holidays. The hall can accommodate 80 people. There is a fully equipped kitchen and we can offer bar facilities together with and a preferred supplier for your catering requirements. Email **info@stfagansvillagehall.co.uk** outlining your requirements to find out further information and we will contact you.

WE NOW HAVE FREE WiFi!

Date for your diary

Following last year's highly successful evening we are delighted to say that Elvis will be in the building again on 19th May 2018. Tickets available from Brian Critcher tel 029 2056 5445

Keep up to date with news from your village hall at stfagansvillagehall.co.uk and follow us on Facebook @stfagansvillagehalll

ROAD SAFETY IN ST FAGANS

Hello my name is Mia, I'm ten years old and I want to talk to you about the roads in St Fagans. The roads in St Fagans are old and narrow and have lots of sharp turns. We can't help that but we can drive slower to decrease the possibility of accidents. Cars are driving TOO fast down the roads – this is a small local village with young children and elderly people and it worries me that someone will have an accident one day if we don't do something about this.

There are not many speed signs around St Fagans, I would like St Fagans to be a 20mph zone to make sure the roads and the people walking about are kept safe from speeding cars.

People in the village notice that cars and vans and all sorts of vehicles are driving too fast and I think I'm speaking for everyone who lives in and visits St Fagans when I say PLEASE SLOW DOWN!

As well as driving too fast, I'm also here to talk to you about parking. There is a car park by the village hall and the Plymouth arms and the museum for customers to park their car but people still park their cars on the pavements and in bus stops on our busy road which makes it unsafe, especially when children like me have to go to school.

Please sign our road safety petition to help keep us all safe.

Thank you for reading my article
Mia Jones

ST FAGANS CRICKET CLUB

Spring beckons and so does the cricket season!

Despite England's poor show in the recent Ashes series in Australia, the St Fagans Stags are in optimistic mood. Promotion to South Wales

Premier One sets new targets for our young players as they try to emulate last season's success.

Both seniors and juniors have netted indoors with enthusiasm through the winter. Outdoor nets start in early April along with youngsters softball sessions.

We have pre-season friendlies too before the leagues start in April and May. We would be delighted to see new players, old and young. Take a look at our website for contact details- www.stfaganscricket.com and our Twitter/ Facebook pages.

A warm welcome for villagers and other visitors too- the grounds are not just for walking the dog!

Facebook help for Rhydlafar residents

If you live on the Rhydlafar estate, why not join the estate's Facebook page, where you will find local information, recommendations for tradesmen, items for sale and a whole lot more. Here's the link: <https://www.facebook.com/groups/181366546914/> or just search on **Facebook for Parc Rhydlafar**.

ST MARY'S CHURCH

New beginnings! Thinking about Christianity?

Spring often brings thoughts of new beginnings. In the life of the church we try to provide opportunities for people to explore Christianity, perhaps for the first time or to deepen or refresh their faith in the run up to Easter. Please contact any of those listed below if you would be interested in finding out more about an introductory course this year.

War Memorial

We were so pleased that restoration of the War Memorial was completed in time for the Remembrance Day service last November. Thanks to generous donations from; Welsh Government, War Memorials Trust, St Fagans Community Council and The Plymouth Estates, an extensive programme of repair and restoration was carried out and this important monument, at the heart of the parish, is now gleaming with the names of the fallen much easier to read.

Church Youth Group

The church, supported by the Village Hall Committee, is taken some first tentative steps to provide opportunities for young people connected to church in school years 7 to 9 to come together for some fun and occasional outings. Contact Colin Finney to find out more.

Christian Aid Week - 13th – 19th May

Volunteers welcome – to join church members and others for collections house-to-house and at key locations around the parish. Major campaigns this year: The Big Shift (climate change) and Tax Justice.

ST MARY'S CHURCH

Upcoming Services:

Daily throughout Advent: 12.00 noon a brief time for Midday Prayer in Church

11th March	10.30am	Mothering Sunday Service
25th March	10.15am	PALM SUNDAY procession
29th March	7.00pm	MAUNDY THURSDAY - liturgy of the Last Supper
30th March	10.00am	GOOD FRIDAY - Service for children
	2.00pm	THE LAST HOUR - before the cross
1st April	5.30am	EASTER DAY - Dawn Service
	8.00am & 10.30am	HOLY COMMUNION
10th May	9.30am	ASCENSION DAY Communion, with St Fagans CinW Primary School

Regular services are at 1030am every Sunday with an 8am Service on the first Sunday of the month. Junior Church meets most Sundays in term time.

ST FAGANS COMMUNITY COUNCIL

The start of a new year is a good time to reflect on what has been achieved in the previous 12 months and to look forward and consider what to aim for in the future. The Members of your Council are no different in that respect. Some progress has been made in enhancing the area – tidying up the entrance to Westfield Park and installing planters, picnic benches at Parc Rhydlafar, flower planters and Xmas lights in the Village, etc., but other ideas are taking longer than we hoped. Often this is out of our control as we have to comply with the requirements of the Highway authority and take account of the fact that much of the community is in a Conservation Area. Nevertheless, we continue to think of ways to enhance the area and welcome suggestions from residents.

We still intend to:

- Press Cardiff Council to finish improving the roundabout at Parc Rhydlafar and introduce measures to reduce traffic speeds at the approaches;
- Install a defibrillator at the rear of the Plymouth Arms;
- Provide new 'Welcome' signs for Westfield Park and the Village;
- Arrange for speed awareness signs to be put up on Crofft-Y-Genau Road and Cardiff Road, and press Cardiff to consider a 20mph limit in the Village;
- Increase the number of Xmas lights following favourable feedback from residents;
- Erect a basketball hoop at the Parc Rhydlafar recreation area;

Dog fouling

No-one enjoys stepping in dog's mess! Unfortunately, not all owners clean up after their pets and this is a problem in some parts of the community. It is actually against the law to allow your pet to foul and not pick it up. Cardiff Council is the enforcement authority in this respect and owners can be fined if they do not comply. Warning signs are being put up in known problem areas and we have asked for additional waste bins to be provided.

Litter and fly-tipping

This is another problem around the community area. Fly-tipping, particularly along some of the country lanes is a particular blight and has become more frequent. We aim to report it promptly to get it removed. If you notice any, please contact one of the council members. General littering is an eyesore and Members do arrange occasional litter-picks to tackle problem areas. We have suitable equipment for this task and welcome residents who would be willing to volunteer. Details of litter pick exercises will be given on the Council's web site and Facebook page. Please contact Cllr. Frances Lewis for more information.

ST FAGANS COMMUNITY COUNCIL (Con't)

Traffic congestion

Members are concerned about the increasing problem of traffic congestion around the community area that will only be exacerbated by all the new housing developments proposed. There appears to be no co-ordinated contingency plan to keep traffic moving in the event of an incident on major highways. An incident on the M4 in October resulted in near gridlock in the whole north-west Cardiff area. We have made our views known to both Cardiff Council and the Welsh Government, but neither organisation seems willing to acknowledge that it is a problem. The Council belongs to the North-West Cardiff Group that shares our concerns and we will continue to press for a realistic transport plan.

Your Council

The current members of the Council are as follows:

Catherine Edwards, 6, Prince of Wales Drive, Parc Rhydlafor	07940 809777
John Griffiths, 31, St Fagans Drive	2055 3377
John Hughes, (Chairman) 4, Clos-Y-Cwarra,	07799 434994
Frances Lewis, (Vice Chairman) 15, St Fagans Drive	2055 2616
Terence Pallier, 15, Marguerites Way, Westfield Park	2059 1499
Chris Price, Old Post House, Greenwood Lane	2056 5400
Ryan Williams, 3, Quarry Cottage, Crofft-y-Genau Road	07478 698272

At the time of writing there were still two vacancies on the Council that we are hoping to fill as soon as possible. If you might be interested, please get in touch.

The current Clerk to the Council is David Barnard, 65, Heol Y Nant, Rhiwbina, Cardiff, CF14 6BT, contact telephone: 2061 0861 or 07855 093125.

The Council web site: www.stfaganscommunitycouncil.org.uk - provides information about the Council meetings and its activities. You can also e-mail the Council at: **stfaganscc@aol.com**

Lambing Day Courses at St Fagans National Museum of History

12, 14 & 16 March 2018, 8.30am-4pm

**A chance to experience the magic of a full day in
the Museum's lambing shed at Llwyn-yr-eos Farm.**

Under the expert guidance of our farming team, you'll learn how to care for pregnant sheep, recognise labour and deal with common problems. If births happen during the day, there'll be a chance to get really hands-on (if you want to!). There'll also be time in the nursery with our new mums and babies – you'll learn to assess welfare needs and help the lambs through those vital first few days of life. The schedule of the day will be flexible around what's happening in the lambing shed at the time.

Tickets: £95 <https://museum.wales/stfagans/whatson/9867/Lambing-Day-Courses/>

Lambing at Llwyn-yr-eos Farm

Gareth Beech, Senior Curator: Rural Economy, Museum of Wales

Lambing is one of the most important and busiest times of the year on the farm. It means long hours, day and night, watching over and caring for the sheep to ensure their lambs are delivered safely and that they survive the first couple of days. Lambs are a major source of income by being sold for meat, and provide replacement stock for flocks.

The keeping of sheep is such a significant part of farming in Wales because they are suited to the high altitude, damp climate and generally poor land. Sheep can survive and flourish on grass in both upland and lowland areas of Wales. The products from sheep have been wool, meat, milk, skins, and tallow for candles. Also, their manure has been used as fertilizer on the land.

The first sheep brought to Wales were probably small, brown Soay sheep. They came with Neolithic farmers around 6 thousand years ago. The Romans brought with them superior, white-faced sheep whose wool was finer. The sheep were bred only for their wool, for which Roman farmers had a high reputation. These crossed with the Soay sheep, becoming the tan-faced ancestors of the hardy Welsh Mountain sheep, which have inhabited the highlands of Wales for over two thousand years.

By the Middle Ages sheep were most likely kept for their wool and milk rather than meat. Wool dominated until the Industrial Revolution, when the population started growing. This led to an increased demand for meat from the eighteenth century onwards.

Meat became the principal product from sheep and lambs, worth far more than wool in the twentieth century. Today producing fat lambs is the main income for many Welsh upland and hill farms.

Ely Racecourse

Times gone by

Horse racing in Cardiff first started in 1782 when the 2 mile Mansel-Talbot Cup was held in Heath Park - it would be over 70 years before the creation of a purpose-built facility in Ely.

The Ely Racecourse was established on open countryside to the west of Cardiff near the River Ely and the South Wales GWR Mainline, with the first race meeting being held on 30th May 1855. Within 10 years the Cardiff Races at Ely were a regular feature of the racing calendar, attracting crowds of over 20,000 at a time. By 1864 racing at Ely was a regular event, the races that year being acclaimed as 'the most brilliant and successful ever held'. In 1895 the first Welsh Grand National was held at the Ely Racecourse. It was watched by over 40,000 people, many of whom did not pay for entry after charging the entry gates and overpowering the stewards.

Spectators would traditionally go to the races on the train; the close proximity of the South Wales Mainline meant the closest point of connection (Ely Main Line Station) was less than half a mile to the north of the Racecourse. On the day of race meetings it was not uncommon to see special train services run from West Wales, Bristol and even Birmingham direct to Ely station. The station also had an adjacent stables and coach house allowing competitors and their horses to travel direct to the racecourse. The station was removed in 1963, one of the thousands which were closed on the advice of Dr Richard Beeching in his report into the state of Britain's Railways.

Ely Racecourse *Times gone by (Con't)*

Such was the racecourse's popularity that it needed to undergo regular improvements and expansion; the first improvements in 1897 saw the doubling in size of the paddock and the addition of dressing rooms, weighing rooms and a press box. Further improvements were undertaken in 1910 and again in 1921 with the addition of an extra 300-seat stand, hospital and catering facilities.

However, eventually the track failed to compete with the financial clout of the other more established racecourses. Despite increasing its prize money and the improvements in the facilities, Ely failed to attract the big name jockeys and thus failed to attract capacity crowds. Attendance figures declined steadily until a fire that destroyed the grandstand in 1937 led to the demise of the course in 1939, the final race being on 27 April when the winner was Grasshopper, ridden by Keith Piggott, father of the famous Lester Piggott.

After closure the Welsh National was relocated to the recently opened Chepstow Racecourse and the weighing scales and other memorabilia were auctioned off, the racecourse buildings cleared and the land turned over for use as a public park.

Today all evidence of the racecourse has gone and the site is now home to a number of football and rugby pitches. A housing estate (Trelai Park) to the north of the field does pay homage to the former stadium, with streets named after some more familiar British racecourses: Ascot Close, Aintree Drive and Epsom Close.

ST FAGANS ROAD CALMING PETITION

Why do we need a petition?

Traffic issues in Crofft y Genau have been a problem for quite some time. Speeding, parking and driving without due care and attention are real and constant issues. Last year two speed-watch operations had taken place along Crofft-Y-Genau Road and Cardiff Road and about 35 warning letters had been issued to drivers exceeding the speed limit. It is also reported that Cardiff Council is proposing to install two 'speed awareness signs' along this road, together with new 'SLOW' signs painted on the road. Cardiff Council is also rolling out a number of 20 mph zones across the City and St Fagans Village is likely to be included in that programme. But so far nothing has happened. The danger is getting worse. The petition's objective is to assist those using their best endeavours to bring about change by demonstrating residents concerns.

The petition

As residents of the village of St Fagans we are submitting this petition on behalf of fellow neighbours and copious amounts of visitors who pass through this beautiful and historic suburb. It is of grave concern, the speed in which vehicles proceed through our neighbourhood, especially when heading toward the traffic calming system so as to 'beat' oncoming cars. It is appreciated that this measure was put in place as to alleviate the pace of the cars but unfortunately it has had an adverse effect.

It is, in turn, proving a hazard for pedestrians as pavements are extremely narrow and the speed in which some of the vehicles pass can really unsteady one, especially children and the elderly. This observation is a comment expressed from locals and visitors alike having experience of several near misses!!

As a community we embrace the multitude of people who come to see the splendour of our famous local attraction, beautiful scenery and environment but fear that this problem will result in an unnecessary and preventable accident.

ST FAGANS ROAD CALMING PETITION (CONT.)

It is of paramount importance that the safety of our residents and valued visitors (who contribute a substantial financial sum to the local Economy) are put to the forefront. It is our suggestion and recommendation that 'speed humps' or a 20 mile an hour speed limit are placed throughout the village to reduce the potential hazard of serious injury or even death!!!

It is recognised the procedure for installation begins with the residents' request and continues with traffic engineering studies to determine the need for speed humps. These studies include but are not limited to: safe sight distance, pedestrian studies, vehicle classification, traffic count, and average speed. Current land use, school routes, "as built" plans, other control devices, and stop sign compliance could also be examined.

If designed, installed, and maintained properly, speed humps can be a safe, effective method of reducing vehicle speeds through residential areas. Research has shown that speed humps, when designed and installed properly, reduce vehicle speeds to 15-20 mph when traversing speed humps and 25-30 mph in between properly spaced speed humps.

It is our request that this recommendation be taken forward to the appropriate persons for consideration and deliberation. We would most certainly welcome you to one of our monthly community meetings where we could discuss this matter in further detail.

You can access the petition by visiting the following page

We are a friendly, social **club with over 50 members** playing **Duplicate Bridge**. We welcome both experienced players and those seeking to learn and / or improve. Visitors are always very welcome.

Playing bridge is a wonderful way of socialising with friends and neighbours. Over 100 million people world-wide of all ages play this absorbing and stimulating game. If you would like to join them, find out more about the game or wish to learn please contact **Brian Critcher tel 029 2056 5445**

At our annual club dinner in November we were delighted to announce the winners of our annual trophies.

- The Scott trophy, an individual event, was awarded to Jean Brooks
- The Village Hall Handicap Trophy was awarded to Ian Emmitt

When we meet;

Day and time	General information
Monday afternoon 1.00 for 1.15 pm to 3.45 pm	Duplicate Bridge sessions. Whilst a partner may be advantageous is not essential
Wednesday evening 6.45 for 7.00 pm to 9.30 pm	
Thursday afternoon 12.45 for 1.00 pm to 3.00 pm	Assisted Duplicate Bridge Sessions .An easy-going non-competitive social session for beginners and improvers with assistance where required.

Our Annual fee (subscription) is £10.00 due on the 1st November each year. Table fees (including refreshments) are £2.00 for members and £3.00 for visitors.

My Introduction to the Village

Written by Roy O'Neill
Chevalier de la Legion d'Honneur

I received a letter from a Mr Chattin of the Plymouth Estate - would I attend an interview in connection with a job on the Estate? Yes was my reply.

Arriving at the Church, my wife and I met a gentleman. On asking where the Estate Office was, he replied that his name was Mr Roper, he was the Cashier and we should go along with him and he would introduce us. I thanked him and off we went. At the Office, he introduced us to Mr Brooke, a Wing Commander. After shaking our hands, he said to go to the next room where Mr Chattin was waiting for us.

We both walked in and Mr Chattin shook our hands. asked us to sit down and said he would not keep us long.

He asked me questions and talked to my wife. Then after a while. he turned to me and said the job was mine; to go down the field to the row of cottages and mine would be number 1 Clive Cottage where the Estate Foreman would show us around I thanked him and we left.

At the time, St Fagans Drive was a field with a large herd of cows'

We met the Foreman who was called Mr Slocombe; we became good friends over the years.

Looking around the house. we could see there was a small living room and a kitchen with an open coal fire grate. I pointed out that there was nowhere to cook: he said they would sort something out for us. Also, there was no water inside, only in the yard. He replied that we would get a tap inside.

The bath was in the outhouse with a gas boiler and no heating; you could see the slates when you bathed! To bath, you had to be either very brave or very dirty!!

My Introduction to the Village, (Con't)

When we moved in a few days later, we were surprised to find an old iron gas cooker had been fixed into the outhouse (lean-to) with the felt roof. We found out it had its drawbacks - when you opened the door to the lean-to, the gas would blow out, so we soon learned when the gas was on to keep the door closed.

Water had been connected to all the cottages and also at Clive Cottage. What was done at the time was they drilled a hole through the kitchen window, pushed the pipe through, fixed a tap on the end and, hey presto, we had an inside tap!

Two or three days later, there was a loud knock at the door. I opened the door in the partial light to find a tall man in breeches and leggings. Under one arm was a shotgun and in the other, a large rabbit. He said he was Mr Jock Hamilton, the Gamekeeper, and it was the village custom to welcome newcomers by providing a rabbit so that we would not go hungry. I thanked him. As he walked away, he turned and said "no poaching"!

After my wife and I had been through six years of war, life was good and happy. My son's name is Clive!

ST FAGANS WITH MICHAELSTON-SUPER-ELY MOTHERS UNION

‘Christian care for Families Worldwide’.

Well, another year has gone by and on a dreary wet January day I have decided to write about a summer afternoon in St Fagans.

St Marys Church has over the past years held many services at the Court Nursing Home. The services involve support from church members, mothers' union members and friends to join in and sit with and help each resident.

In 2017 an Easter service was held, followed by a summer Songs of Praise, the Harvest festival and more recently the Christmas service. All of which are well attended and bring joy to residents and visitors alike.

We arrived for the songs of praise on a hot summer day in August. Staff and residents were sitting outside in the sunshine, we joined them on the patio where a group of ladies who all looked very smart in their decorated straw hats and one gentleman were sitting under sun umbrellas excitedly waiting for us to start. There were enough of us to help each resident with his or her hymn book. However some of the residents knew all of the words to their chosen hymns and also knew the word of the Lords Prayer. Before the Songs of Praise a few Hymn books had been left at the Court for residents to be able to choose their own favorite hymn.

Colin Finney conducted the service and Mothers' Union members read the scripture readings and another played the organ.

After the service the staff gave us all tea and cakes and we enjoyed chatting and spending time with staff and residents.

We would like to wish all of our friends at the Court Nursing Home and friends and neighbours in the parish an happy and healthy new year.

Bringing Lawns to Life

Enhanced Treatment Programme

GreenThumb
LAWN TREATMENT SERVICE

Seasonal Treatments

Designed for the Great British weather, our seasonal 'weed and feed' treatments will help provide you with a lush, green, weed-free lawn.

Lawn Renovation

If you think your lawn is beyond help, and needs re-turfing - think again. We have a solution that can offer you a lawn that you can be proud of, as well as saving you money.

Lawn Problems

Whatever Mother Nature throws at your lawn, whether it's thatch, compaction, lawn pests or diseases - to name but a few, we can offer a solution.

Moss Control

To tackle this menace, as well as a moss control treatment, our solutions include aeration and scarification, which importantly reduces the main cause of moss - thatch.

POLYNESIAN PORK CHOPS

(serves 4)

You will need;

4 Pork chops
1 small tin of apricots
1/3 cup tartar ketchup or sandwich spread
1/3 cup vinegar
1/3 cup brown sugar
2 teaspoons ginger
2 desert spoons soya sauce
Salt, pepper and garlic cloves to taste

What you do;

1. Mash the apricots with half the juice from the tin.
2. Grill the chops to brown and place in a casserole dish.
3. Mix all the other ingredients with the apricots and pour over the chops.
4. Cook in oven at 180° C for about ¾ of an hour.

Cardiff West

MP & AM ADVICE SURGERY

Ely and Caerau Hub

Every Saturday
10:00 am - 12:30 pm
Treseder Way, Cardiff CF5 5NW

Fairwater Hub

First Friday of each month
5:00 pm - 6:00 pm
Doyle Avenue, Cardiff CF5 3HU

Kevin Brennan MP and Mark Drakeford AM hold regular surgeries, where constituents can attend without making an appointment. They are able to discuss in confidence any issue of personal, local or national concern.

If you wish to see either Kevin or Mark in particular, please contact the office to find out who will be at the next surgery. Your issue can also be addressed quickly and efficiently by contacting the office directly if you prefer.
